

KOMODO NATIONAL PARK

MAY - OCTOBER

4 NIGHTS

RASCAL
VOYAGES

A WORLD HERITAGE SITE

Covering almost 2,000km², the breathtaking Komodo National Park is a UNESCO World Heritage site made up of 3 larger islands (Komodo, Padar and Rinca) and 26 smaller ones, many of which are uninhabited.

These islands offer superb opportunities for hiking and wildlife spotting including the native and iconic Komodo dragons.

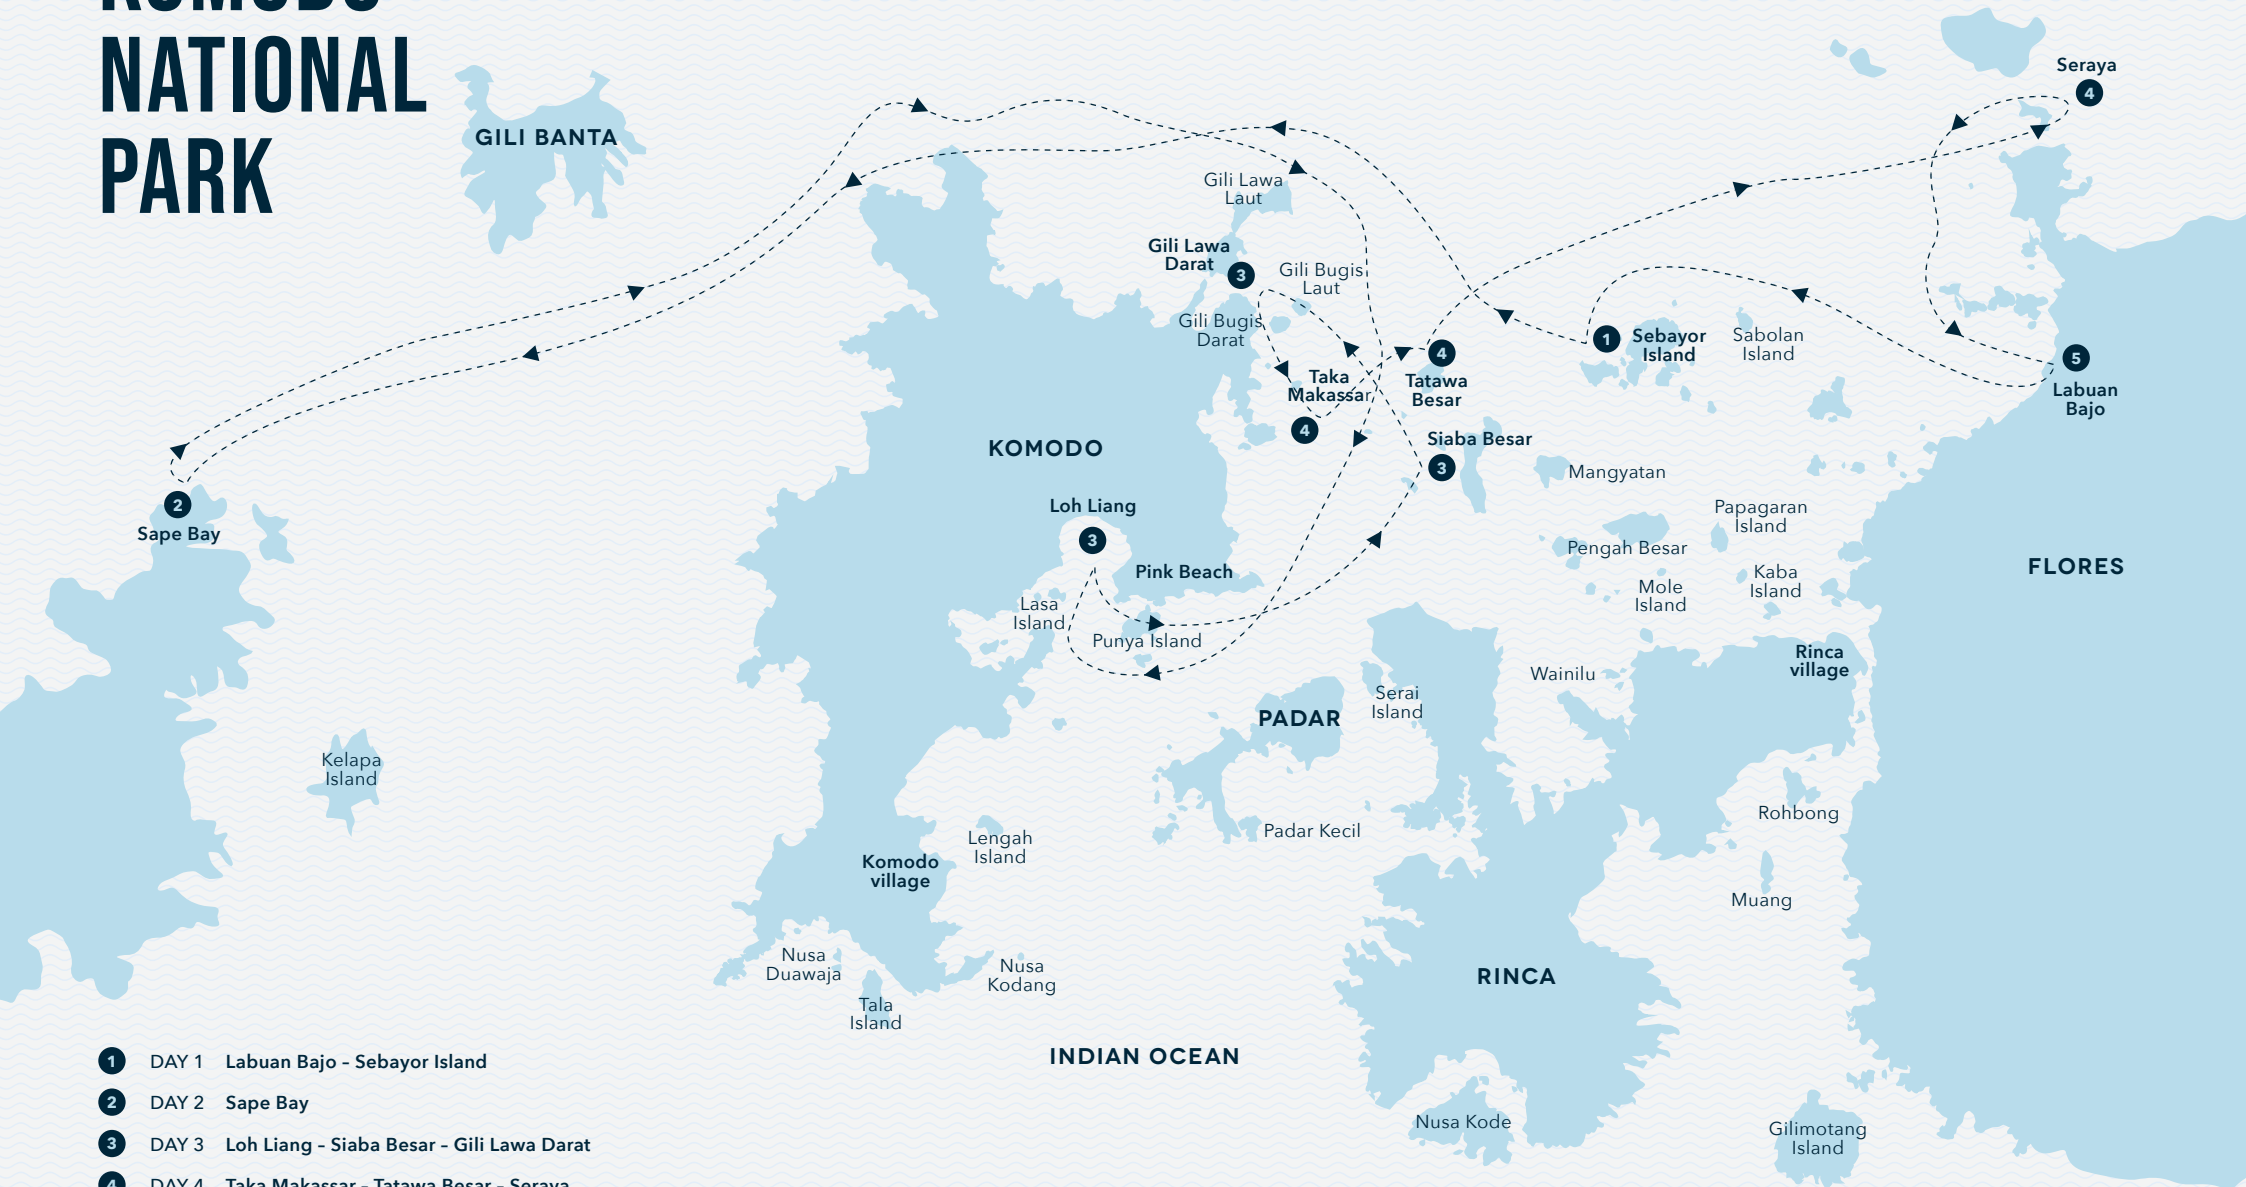

AN ISLAND OF CONTRASTS

Depending on the season, the terrain varies from desert savannah landscape to lush greenery - both are equally arresting.

Offshore, the park's rich marine ecosystem (which includes 1,000 species of fish and 260 types of coral), affords unforgettable undersea adventures for divers and snorkellers that are on par with Raja Ampat.

Dive enthusiasts have hailed Komodo as one of the world's top 10 diving hotspots.

Spend the afternoon snorkelling, swimming, stand-up paddleboarding, diving or simply relaxing on board.

TRY YOUR HAND AT

Wakeboarding at thrilling speed whilst being pulled by one of our tenders.

DAY 2

WHERE WE GO

Off-grid Sape Bay in Sumbawa.

A wonderful experience for all the family: learn how to navigate the old-fashioned way with maps then take supervised control of the ship's wheel as we sail through the islands of Indonesia.

DAY 3

WHERE WE GO

Loh Liang in Komodo Island, Siaba Besar (also known as Turtle Paradise), and Gili Lawa Darat.

WHAT YOU'LL DO

Take a safari on foot around Komodo Island to search for its famous dragons - who may be lying in the sun or out stalking their prey.

WHAT YOU'LL SEE

Alongside Komodo dragons, there are water buffaloes, Timor deer and wild boars as well as a vast array of birdlife including sunbirds, orioles, kingfishers and yellow-crested cockatoos.

THE HIGHLIGHT

Drifting in the water and getting up close to hawksbill and giant green turtles.

Taka Makassar, Tatawa Besar and Seraya Islands.

WHAT YOU'LL DO

Snorkel and dive with manta rays; or take a walk along Taka Makassar - a perfect crescent of white sand set in the middle of brilliant turquoise waters, widely considered one of the most beautiful swimming spots in the world.

WHAT YOU'LL SEE

The giant trevally - a type of kingfish which can reach up to 5.5ft (1.6m) in length, and the blacktip sharks of Anita's Island which are not an aggressive species but will approach divers and snorkellers out of curiosity.

THE HIGHLIGHT

Rascal's magical pop-up restaurant: come nightfall, you'll be ferried by tender to a secret beach festooned with lanterns, bamboo and palm-leaf decorations for our signature dinner under the stars.

TRY YOUR HAND AT

Join our crew who'll teach you some Indonesian songs and dance moves as they serenade you after dinner.
